

SKY WORKER CRANE

- Fully Hydraulic Material Handling Systems
- Up To 100-foot Lift Reach
- Towable Convenience
- Faster And Easier Than Hoists.
- Manoverable Easy to tow.
- Light Weight.
- Man Basket Option

2601 Niagara Lane
Minneapolis, MN 55447
763-553-1935 or 800-328-9522

By using special aluminum profiles - which can be inserted into one another - the GARLOCK SKY WORKER easily copes with your transportation issues. Four single folding supports allow setting up the crane even on narrow and uneven ground, such as stairs or high curbstones.

Imagine the material handling possibilities:

- Full pallets up to 1200kgs
- Rolled material
- Gravel
- Metal roofing material
- Equipment and Machines

The **hydraulic toggle-knee joint** allows variation of the buckling angle into all directions.

The Sky-Worker with working basket allows safe working up to 27 m height and is extremely flexible.

Product Highlights

Fully Hydraulic with head jib
closed aluminum profiles for stability
easy maintenance due to extractable engine
extremely easy handling due to radio-telecontrol
payloads up to 1,200kg
excellent traveling and maneuvering behavior
precise working up to 30 m height
Demountable working basket available.

Technical Data

Height of hook	max. 30m
Jib angle	0-172
Angular freedom	360 endless
Max. carrying capacity	1,200 kg
Transport width	2.10m
Transport width with 2 bar	9.10m
Total weight with basic equipment	3,490 kg

WORK SMARTER WITH SKY WORKER

Four hydraulic, swivelling supports guarantee a **minimum setting-up space** required at highest degree of safety.

The extremely **handy radio-telecontrol** of the crane ensures optimum operation in every situation.

Minimal maintenance required.
Simply change engine oil, check hydraulic fluid levels
Lockable cabinet encloses gas engine with electric start that powers hydraulic system.

Hydraulic supports that can be controlled separately allow to set up the crane in **narrow spaces**.

The hydraulic wheel drive allows **easy moving** of the crane even on difficult terrain.
