

Enforcer Twin Saw™

Take a 25" Bite out of your next roofing job!

The hydrostatic drive of the self-propelled, enforcer, Twin Roof Cutter increases production three times over single-blade cutters, and with little effort. The 20-hp Honda electric-start engine provides unbeatable power and the adjustable speed control allows the operator greater flexibility for each job, consistently delivering smooth and steady performance.

Enforcer Twin Roof Cutter

- 25" cut for high-production cutting
- Hydrostatic drive increase production three times over single-blade cutters
- Floating blade guards
- Foam-filled tires
- Remote-style air breather
- 12-volt battery for electric start
- Built-in headlight
- 20-hp Honda engine with adjustable speed control

"I cut 30 squares per hour with my double cutter every day with almost no effort at all!"
