R800

“RIDER”

Workhorse

**Hydraulic Wheel Motors
Shorter Frame Length
Tighter Turning Radius
Bigger Engine**

For over 30 years the name R800 Riding Workhorse has been synonymous with rugged versatility that has helped roofing contractors tackle the biggest in the industry. Jobs once thought well beyond the reach of walk-behind material movers now could be accessed with unmatched speed and power. No other product has helped contractors deliver materials as efficiently, towed bigger loads or graveled in faster than the R800. Today represents a new chapter for this heavy-duty performer with a new drive system, streamlined design and increased functionality. Welcome to the new age of material moving!
